

Bai Lab Resume Tips

Avery Chahl

What is the difference between a resume & a CV?

([https://icc.ucdavis.edu/materials/resume/resumecv#:~:text=The%20CV%20presents%20a%20full,generally%201%2D2%20pages\).](https://icc.ucdavis.edu/materials/resume/resumecv#:~:text=The%20CV%20presents%20a%20full,generally%201%2D2%20pages).))

Resume

- Emphasize skills
- Used when applying for a position in *industry & public sector*
- No longer than 2 pages
 - with an additional page for publications and/or poster presentations if highly relevant to the job
- After 1 year of industry experience, lead with work experience and place education section at the or near the end, depending upon qualifications

CV

- Emphasizes academic accomplishments
- used when applying for positions in *academia*
- Length depends upon experience and includes a complete list of publications, posters, and presentations
- Always begins with education and can include name of advisor and dissertation title or summary (see examples). Also used for merit/tenure review and sabbatical leave

This is the website I use to find better resume words

<https://www.themuse.com/advice/185-powerful-verbs-that-will-make-your-resume-awesome>

Action Verbs 1-12

You Led a Project

If you were in charge of a project or initiative from start to finish, skip “led” and instead try:

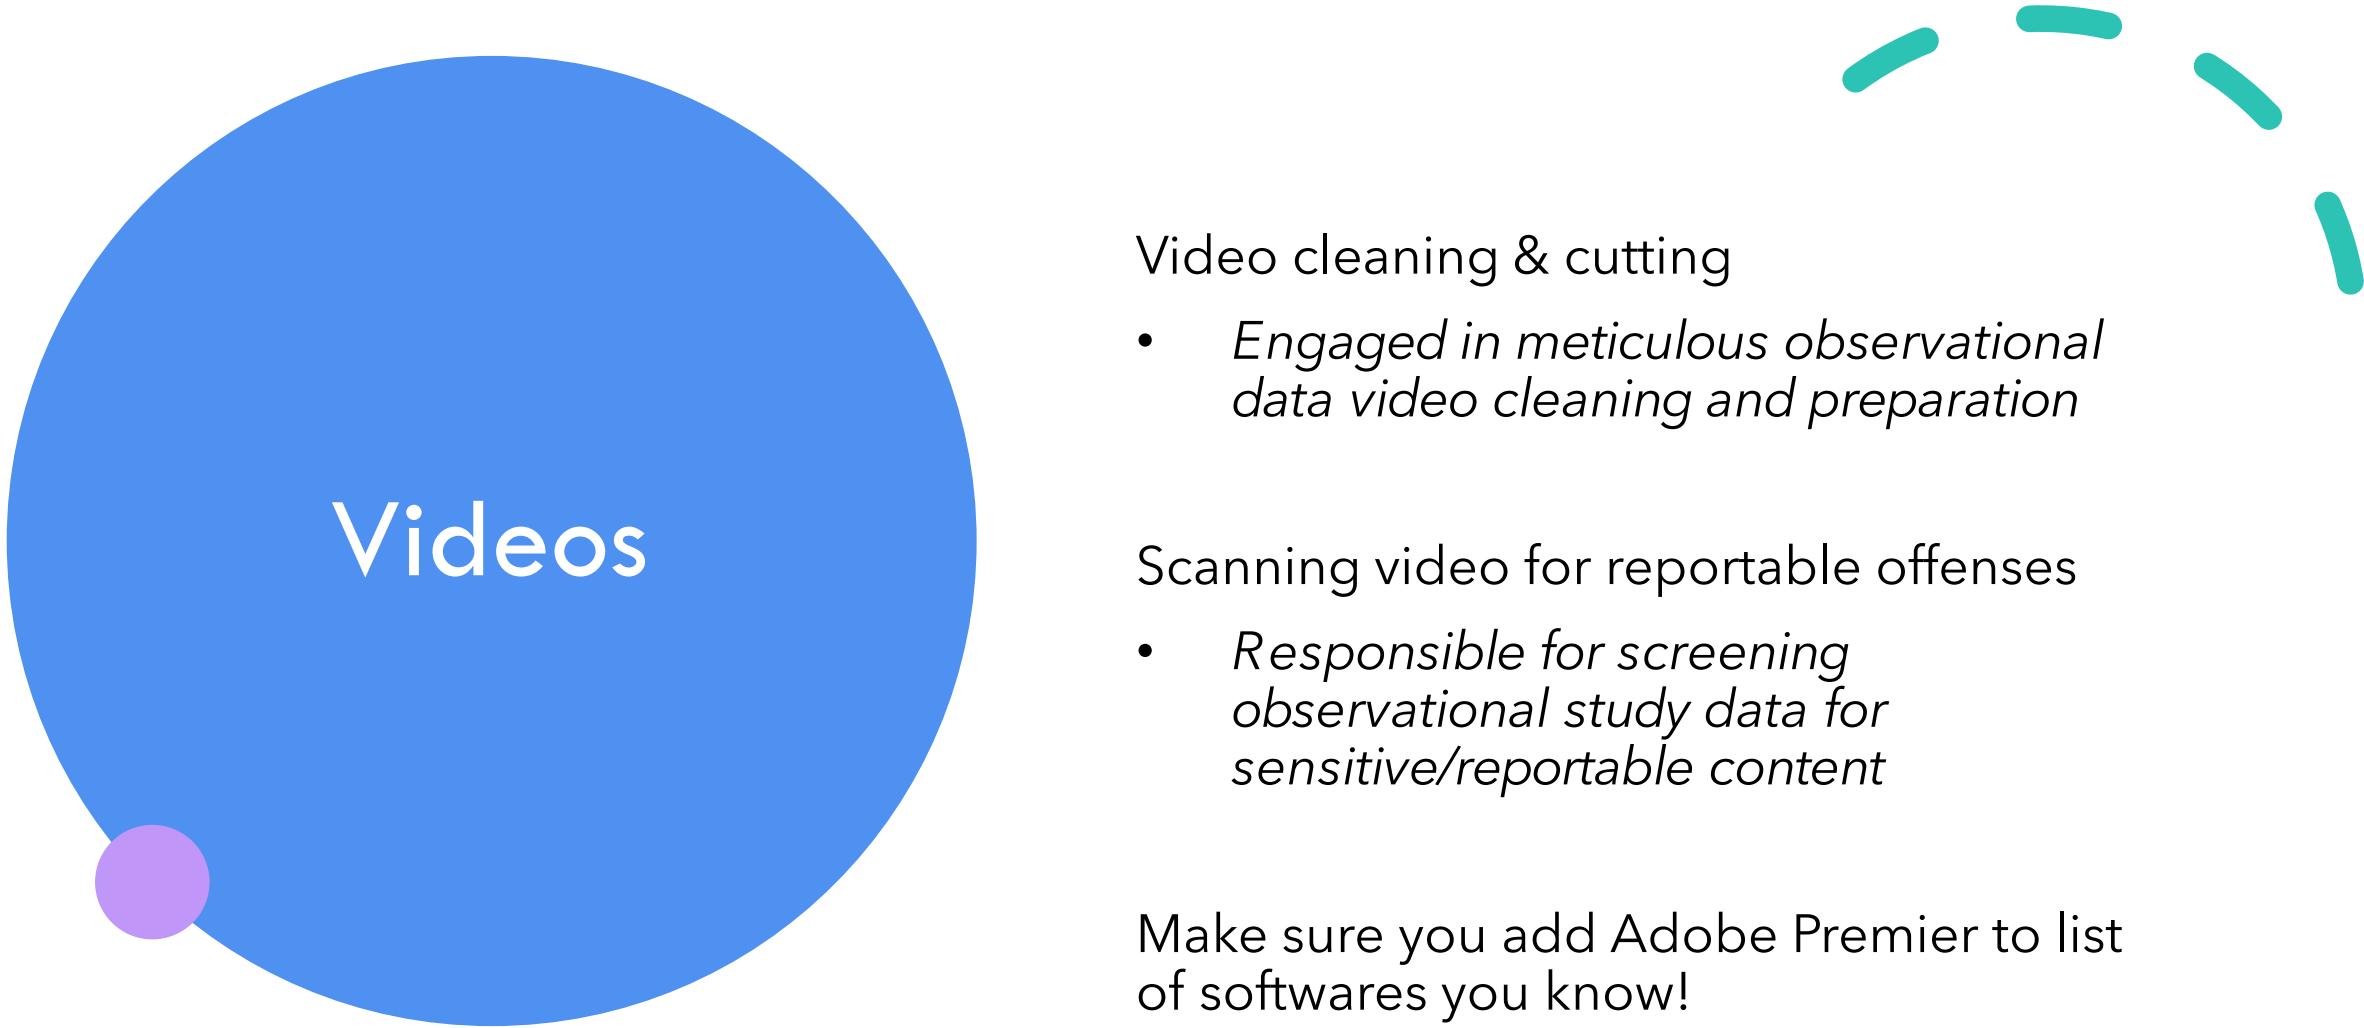

1. Chaired
2. Controlled
3. Coordinated
4. Executed
5. Headed
6. Operated
7. Orchestrated
8. Organized
9. Oversaw
10. Planned
11. Produced
12. Programmed

Action Verbs 13-33

You Envisioned and Brought a Project to Life

And if you actually developed, created, or introduced that project into your company? Try:

13. Administered
14. Built
15. Charted
16. Created
17. Designed
18. Developed
19. Devised

Videos

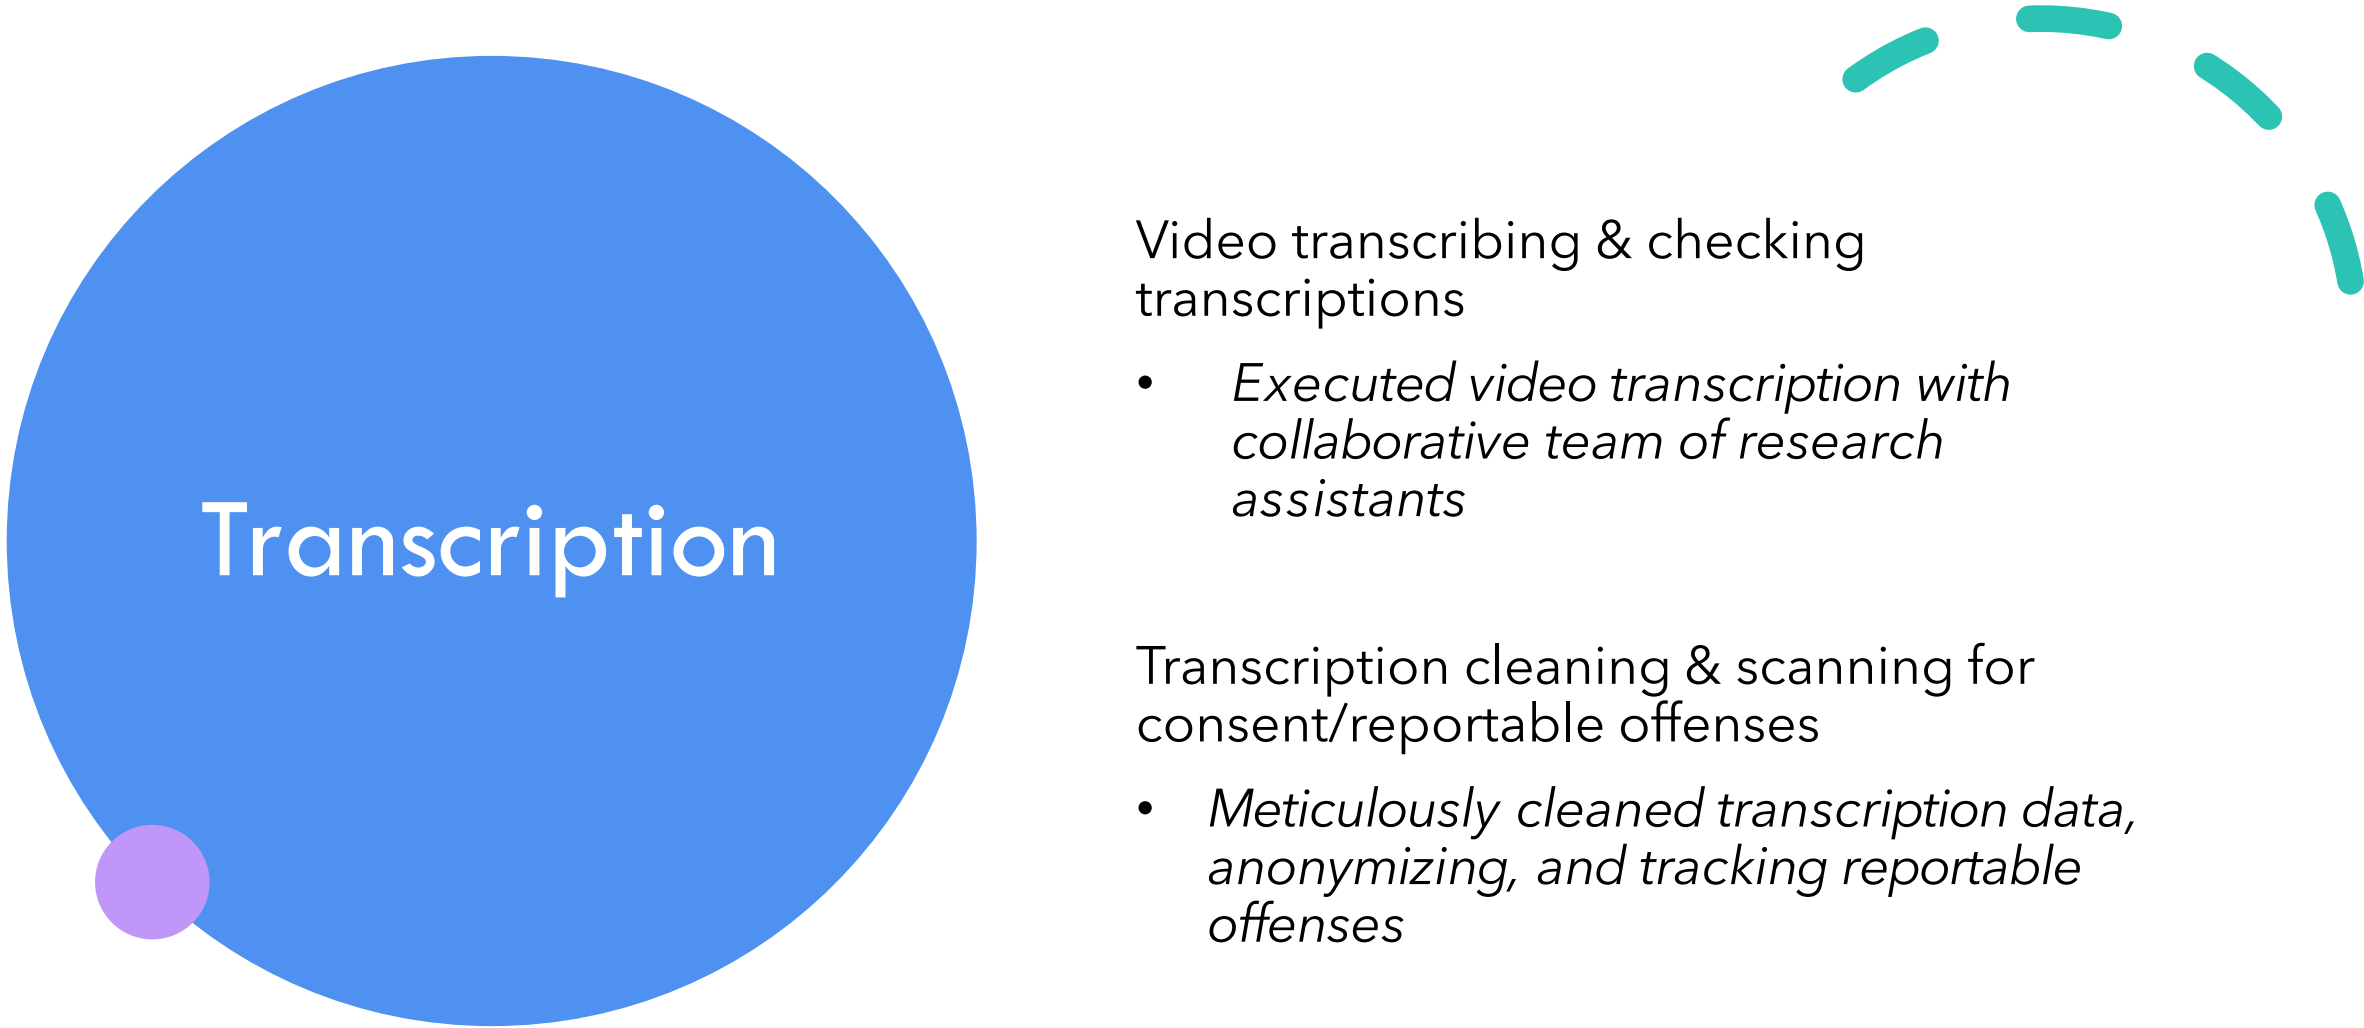

Video cleaning & cutting

- *Engaged in meticulous observational data video cleaning and preparation*

Scanning video for reportable offenses

- *Responsible for screening observational study data for sensitive/reportable content*

Make sure you add Adobe Premier to list of softwares you know!

Transcription

Video transcribing & checking transcriptions

- *Executed video transcription with collaborative team of research assistants*

Transcription cleaning & scanning for consent/reportable offenses

- *Meticulously cleaned transcription data, anonymizing, and tracking reportable offenses*

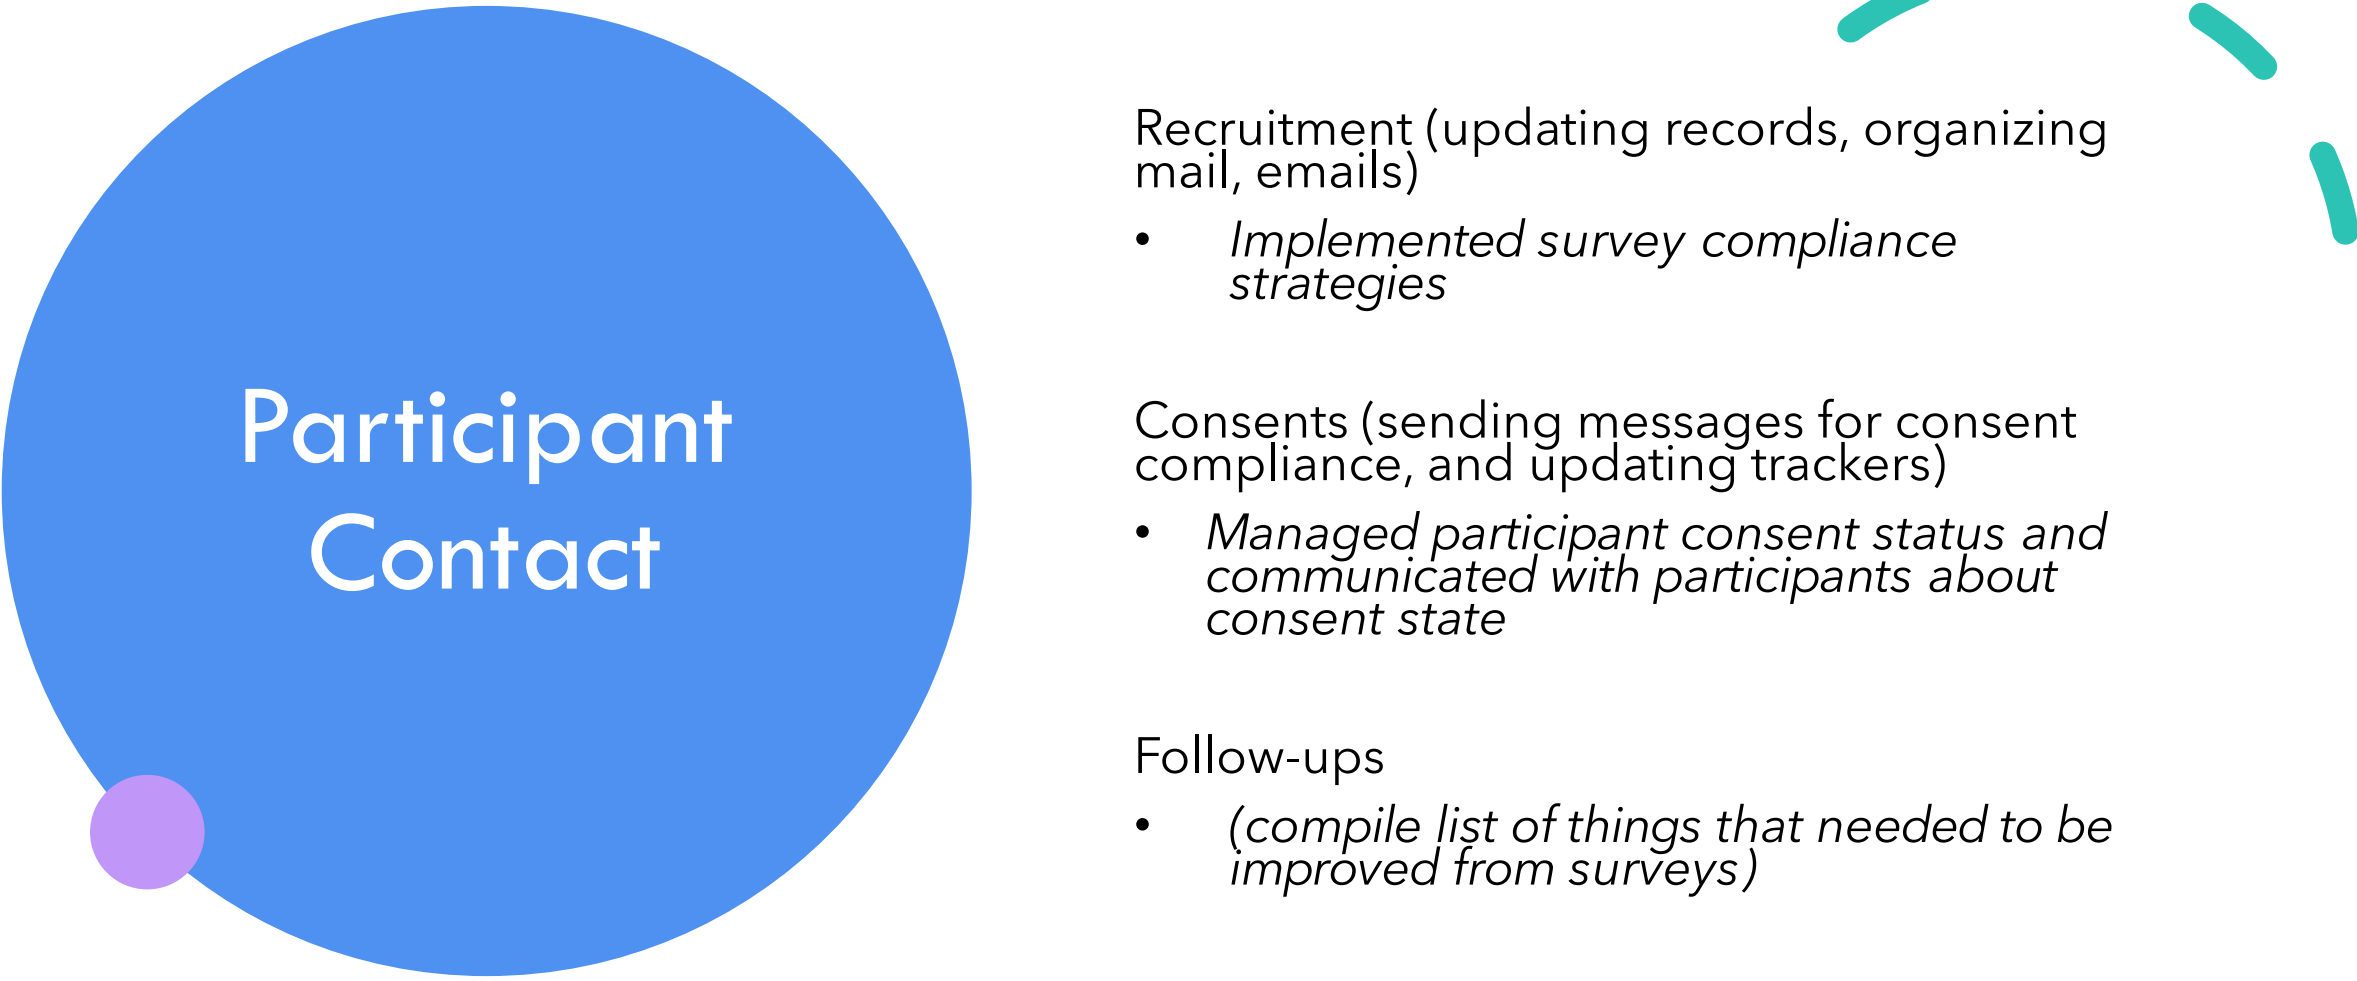

Equipment

Packing equipment, mailing equipment, charging equipment

- *Responsible for/Managed intensive longitudinal data collection equipment packaging and mailing to study participants*

Setting up phones, labeling, inventory

- *Managed equipment inventory for intensive longitudinal data collection study*

Participant Contact

Recruitment (updating records, organizing mail, emails)

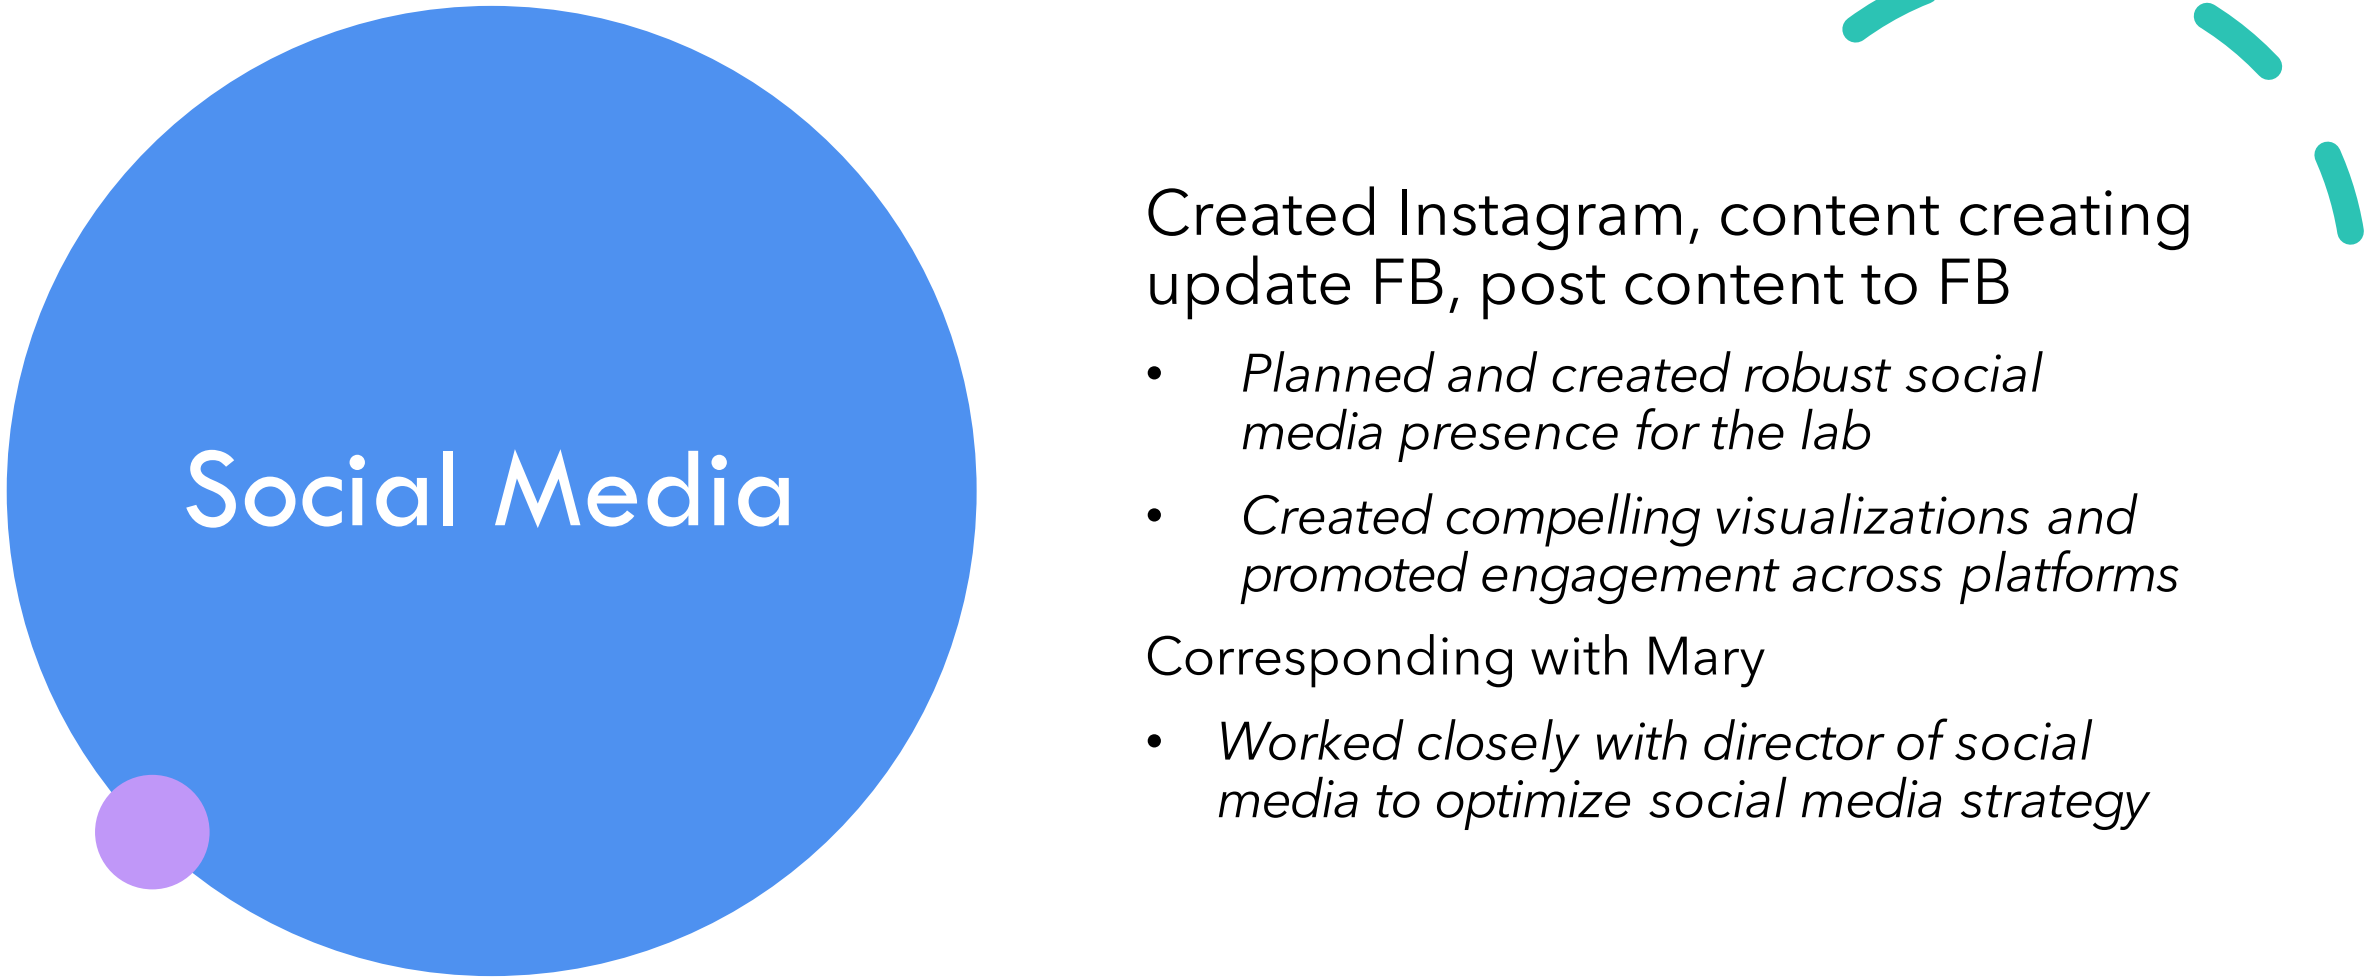

- *Implemented survey compliance strategies*

Consents (sending messages for consent compliance, and updating trackers)

- *Managed participant consent status and communicated with participants about consent state*

Follow-ups

- *(compile list of things that needed to be improved from surveys)*

Social Media

Created Instagram, content creating update FB, post content to FB

- *Planned and created robust social media presence for the lab*
- *Created compelling visualizations and promoted engagement across platforms*

EDUCATION

The University of Texas at Austin <i>Bachelor of Arts in Psychology with Honors</i> Dean's Honors List <i>Cum laude</i> College of Liberal Arts College Scholar	GPA: 3.8 Expected Graduation: May 2020
The University of Texas at San Antonio	GPA: 4.0 Fall 2016 - Spring 2017

RESEARCH EXPERIENCE

Psychology Honors Thesis Project <i>The Effects of Cross-Cultural Friendships on Psychological Resilience in Adolescents</i> - Composed research questions, exploring possible moderators to assess - Currently authoring literature review - Devising study design	Summer 2019- Spring 2020
Experimental Psychology Research Project <i>The Relationship Between Resilience and Creativity</i> - Completed broad literature search - Devised study methods including selection of appropriate scales - Currently piloting study	Fall 2019
Dr. Aprile Benner's Lab: Discrimination in the Adolescent Development Context <i>Preventing Inequalities in School Climate and Educational Success (PISCES Project)</i> This project is interested many aspects of schools, such as academic and emotional support, as well as experiences of discrimination. We are also interested in how support from family and neighborhoods can promote positive outcomes. <i>Research Assistant</i> - Collected, scanned, and verified self-report survey data from high school students - Entered and verified school record data; Edited a codebook for quantitative data - Assisted with writing data requests for schools; Contacted schools directly - Edited online surveys on Qualtrics - Contacted participants and/or parents via phone or email regarding future study participation - Participated in interviews with adolescents regarding their experiences with discrimination	Summer 2019 - Present
Dr. David Yeager's Lab: The Adolescent Development Research Group The goal of the lab is to assess the effectiveness of a brief personality mindset intervention in preventing increases in depression and other internalizing symptoms for adolescents transitioning to high school. Additionally, the lab is working to identify how the intervention might be producing treatment effects on internalizing symptoms. <i>Research Assistant</i> - Acted as researcher and confederate in extensive experiment protocol to study autonomy and decision making - Traveled to 4+ high schools over course of a semester to collect data from ~100 students - Worked with ~40-person, highly collaborative team of volunteers, graduate students, and research coordinators - Managed and organized participant consent and debrief forms - Collected saliva samples within schools to assess cognitive biases and hormone levels (cortisol, DHEA, testosterone, estradiol) associated with depression, adolescent development, and responses to social stressors	Spring 2018

HONORS AND AWARDS

The University of Texas at Austin Dean's List, <i>Cum laude distinction</i> College Scholar, <i>University Honors Day Ceremony</i>	Spring 2019 Spring 2019
The Quell Foundation Scholarship, Featured Scholar - Wrote feature article on their website as a special contributor for Minority Mental Health Month - Three-year recipient of the Bridge the Gap Scholarship a merit-based scholarship awarded to select students pursuing a degree in psychology or related field	2017 - 2020
The University of Texas at San Antonio <i>President's List (4.0 GPA)</i>	Fall 2016 - Spring 2018

RELEVANT COURSEWORK

The University of Texas at Austin <i>Honors Research Seminar</i> This course focuses on development of honors thesis in which students complete an independent research project under supervision of a faculty member and thesis cohort advisor	Fall 2019 - Spring 2020
Experimental Psychology Facilitates experimental design, statistical analysis and reporting of experiments. Involves a semester long project individual research project in which these elements are fulfilled	Fall 2019
The Developing Brain - Explored process of brain development including recent advances in role of gene-environment interactions and epigenetic programming and shaping brain development - Discussed adaptive vs. maladaptive outcomes of environmental modifications to nervous system and examples of how changes in developing nervous system lead to behavioral patterns both in infancy and adulthood	Spring 2019
Social Work Practice with Abused and Neglected Children and Their Families Explored technical definitions of abuse and neglect. Explained governmental entities that interact with and support these families	Fall 2018
Advanced Social Psychology Seminar style course discussing social psychological factors effecting prosocial behavior. Involved reading of journal articles followed by individuals leading class discussions on topics	Fall 2018

CAMPUS INVOLVEMENT

PsiChi Honor Society, Member	2018 - Present
The Daily Texan Newspaper, Staff Photographer and Social Media Contributor	2018 - 2019
Texas Student Psychology Association, Member	2017 - 2018
Student Psychology Club, UTSA Member	2016 - 2017
Alamo City Bhangra Team, Indian Dance Team Member	2016

SKILLS

Language: English, Conversational Hindi
Research and Statistics: JMP, Stat View, Super Lab, Familiar with Qualtrics
Productivity: Excel, Word, PowerPoint, Photoshop, Premier Elements

COMMUNITY INVOLVEMENT

Seva Charities South Asian student run charity organization. Promotes volunteerism and philanthropy benefitting children in India through the NGO Akshaya Patra, as well as the local Austin community.	Fall 2018 - Present
Content Marketing Chair - Co-created parent newsletter to facilitate donations and engagement - Created and published photo and video content for event marketing and outreach; Contributed to marketing graphics for fundraising events	Spring 2018
Science Fair Judge Judged middle school and high school science fairs in the San Antonio area	2017

If you are applying for a non-academic position, I might hesitate to put your location, you don't want to deter them from hiring you because they have to pay your relocation fees

2016

I actually ended up moving relevant coursework to the last page before I applied

so, if they didn't care they could ignore it but would see all my other info first

Remember, they see your coursework on your transcript, so if you want to **explain** some **important courses** you can do that here

This was actually a club I was in, but it was a charity club, so I put in in community involvement

THON people, I am looking at you

SKILLS

Language: English, Conversational Hindi

Research and Statistics: JMP, Stat View, Super Lab, Familiar with Qualtrics

Productivity: Excel, Word, PowerPoint, Photoshop, Premier Elements

Notice I said **familiar**, aka I have seen it and can navigate it a little but don't **know** it well

I think this is legal lol, I think it is important to mention things like Qualtrics even if you are not a master

COMMUNITY INVOLVEMENT

Seva Charities

Fall 2018 - Present

South Asian student run charity organization. Promotes volunteerism and philanthropy benefitting children in India through the NGO Akshaya Patra, as well as the local Austin community.

Content Marketing Chair

Spring 2018

- Co-created parent newsletter to facilitate donations and engagement
- Created and published photo and video content for event marketing and outreach; Contributed to marketing graphics for fundraising events

Science Fair Judge

2017

- Judged middle school and high school science fairs in the San Antonio area

Where can I get more resume help?

- Career Counseling Center in the Bank of America Services Center on campus does resume & CV reviews
 - Drop-ins and appointments
 - <https://studentaffairs.psu.edu/career/counseling>

The End
